

The background image shows a large cargo ship docked at a port during sunset. The sky is a mix of orange, yellow, and blue. In the foreground, the ship's bridge is visible, with various control panels and screens. The water reflects the lights from the port and the ship.

VANOS  **GROUP**

Our Heritage

Established 1929, VANOS has been at the heart of Greece's maritime hub, Piraeus, serving as a pillar of trust for shipowners, operators, industries, and institutions worldwide. What began as a family business has evolved into a trusted partner, supporting fleets, industries, and communities through a broad portfolio of maritime, industrial, defense, and technical solutions.

Our roots are steeped in dedication, resilience, and a deep respect for the sea. Over the decades, we have embraced progress while remaining committed to the values that shaped our identity: reliability, expertise, operational excellence, and safety. We take pride in combining tradition with progress. The same dedication that built our reputation in the early years continues to fuel our vision today: to deliver solutions that safeguard people, strengthen industries, and support sustainable growth.

Today, the establishment of VANOS DEFENSE marked a strategic expansion of the Group's capabilities into the defense and security sector. Focused on integrated defense, maritime security, tactical support, safety systems, CBRNE response solutions, advanced technologies, and mission-critical operational support, VANOS DEFENSE was created to address the evolving demands of modern defense and security environments across military, civil protection, and critical infrastructure sectors. Our objective is to support mission-critical services, advanced technologies, and operational solutions that contribute to security, stability, resilience, and the safeguarding of peace.

The evolution into VANOS GROUP further strengthened the unified vision of the organization, bringing together its maritime, industrial, defense, training, technical, safety, and e-navigation activities under one strategic identity. Today, **VANOS GROUP** represents a **modern ecosystem of companies** and capabilities, combining nearly a century of experience with innovation-driven solutions designed for the future of maritime operations, defense readiness, sustainability, and global supply support.

For VANOS GROUP, heritage is not just about history, it is a living commitment to honor our origin, combining heritage with innovation to navigate excellence across generations.

Our Milestones

1929

Retail store for trading industrial products and coatings. A family business owned by D. Vanos.

1989

Commences the distribution of nautical charts and publications, as a British Admiralty Chart Agent.

2008

2020-2021

2023

Establishes the RnD Dpt. in Greece & Estonia

Our Vision

To lead the transition toward smarter, safer, and more sustainable operations.

Why Us

For nearly a century, VANOS GROUP has navigated every challenge that shaped our country and global trade. Since 1929, we have endured war, political instability, economic crises, supply chain disruption, and global pandemics, continuously adapting to an ever-changing world while remaining committed to reliability, authenticity, and operational excellence. Our longevity is proof of resilience, adaptability, and the trust we build across generations. Today, VANOS GROUP delivers vertically integrated solutions across the maritime, industrial, safety, security, and defense sectors, supporting clients through a comprehensive ecosystem of products, services, technical expertise, and operational support. Strategically located in Piraeus, the largest port in Greece and one of the most important maritime hubs in the world, we operate through privately owned facilities, extensive warehousing infrastructure, and a large privately owned logistics fleet, enabling flexibility, responsiveness, and global reach. Strengthened by certifications, memberships & internationally trusted partnerships, leading global representations, and long-standing relationships with world-renowned manufacturers and organizations, VANOS GROUP continues to stand as a trusted partner for companies, fleets, industries, and institutions operating in demanding environments worldwide.

Our Mission

To combine heritage and innovation, delivering trusted solutions that power the industries of tomorrow.

MARINE

**Empowering Maritime Operations,
From Deck to Data.**

At VANOS S.A., we navigate nearly a century of maritime expertise towards the future of smart shipping.

Our Marine Sector unites tradition with technology : delivering trusted supplies, advanced navigation systems, and integrated digital services designed to enhance safety, efficiency, and sustainability at sea.

From predictive maintenance and e-navigation to logistics excellence and crew training, we provide end-to-end solutions that keep fleets connected, compliant, and future-ready.

ANCHORED IN RELIABILITY, DRIVEN BY INNOVATION.

INDUSTRY

Precision and Protection.

At VANOS S.A., we bring industrial excellence into the era of smart operations.

Our Industry Sector delivers certified products, engineered solutions, and digital tools that enhance productivity, reliability, and worker safety across every environment.

From advanced coatings and safety systems to energy-efficient technologies and training programs, we help industries operate cleaner, safer, and smarter – reducing risk while driving sustainable growth.

BUILT ON INTEGRITY. SUSTAINED BY INNOVATION.

E-NAVIGATION

CONNECTING VESSELS, ENHANCING DECISIONS, EMPOWERING SAFETY.

VANOS S.A. delivers next-generation E-Navigation and Voyage Management Solutions, integrating compliance, efficiency, and real-time situational awareness.

From digital chart management to automated updates, route optimization, and environmental monitoring, our systems keep fleets fully informed and compliant, anywhere in the world.

With 24/7 operational support and dedicated maritime expertise, VANOS ensures seamless navigation, smarter decision-making, and safer voyages across every sea.

Navigating the future intelligently, reliably, and always connected.

VANOS MARINE SOLUTIONS

At VANOS S.A., we provide complete solutions for the protection and performance of machinery, structures, and industrial products against corrosion, chemical exposure, abrasion, and environmental wear. Proper surface preparation, application techniques, and safety measures, fundamental to achieving optimal performance and worker protection. Beyond preservation, our trusted global brands ensure long-term durability and compliance, functional and improved efficiency across marine and industrial environments.

1st Jotun's Performance Coatings store at VANOS S.A. Premises in Perama

Our store, dedicated to marine and protective coatings, features state-of-the-art facilities and is equipped with the latest technology, including an advanced Multicolor automatic color tinting machine (MCI), ensuring customers access cutting-edge coating solutions. Jotun's automatic color tinting machines are uniquely designed so retailers can mix thousands of custom colors for customers in the store. With the inclusion of the MCI machine, customers can now benefit from enhanced efficiency and convenience in accessing Jotun's comprehensive range of performance coatings.
