

***Description: How to go to Giola Beach in Thassos:***

- From Potos take the road to south for 8km, let behind you the AERIA Hotel and slow down your car.
  
- At 100m there is a country road to the right hand with red dust. Take this route even it will give you bad ideas
  
- At 300m there is a small and beautiful beach. You can stop and take some pictures.
  
- Before the beach turn left and go up on a country road
  
- You will see a private property in about 200m. Good sign. Keep going!
  
- In 400m you will see a small cottage. Park the car.
  
- Turn right and go down to the sea, following a rocky road. You will dream about an ATV but trust me, an ATV there is not an option. Follow that blue sign also. We didn't. But just in case!
  
- Smile. you're there

The Giola is a beautiful natural lagoon, like a swimming pool carved into the rocks. The water is warmer than the sea, which makes it pleasant for swimming. The place is unknown and the access there is difficult.
